# Welcome Aboard!

- The main purpose of a to do list is to provide yourself with a list of your priorities.
  - In order to ensure that you don't forget anything and are able to effectively plan out your tasks so that they are all accomplished in the correct time frame, [On A Mission](#) is there to help you.
  - A well maintained to do list will set your mind at ease since you will always have a clear picture of what you need to get done.
-

# What Makes 'On A Mission' Special?

- Tasks are fast to add.
- There are variety of ways to organize the tasks
- Ability to plan your workflow
- Setting priorities.
- Reminders for any self-imposed deadlines.
